

## Opportunities

Our small school environment caters for every individual and we value our safe Snowtown learning community.

We have extensive leadership opportunities available for learners such as the Student Leadership Team, Yard Action Learning Team, Young Environmental Leaders, Resilience Ambassadors and the Powerful Learners Team.

Our Year 7s are provided with a laptop and we have a full suite of laptops, Surface Pros and I pads for our learners to use. We have a 3D printer and use the Makers Empire site when designing.

We have a whole school camp every second year and each year we have class excursions and have special whole school events such as KidsMatter Day, Anzac Ceremony, Amazing Literacy and Numeracy Race, Open Mornings, National Simultaneous Storytime, School Concert, BookWeek events and Ride to School days.

## About the School

Our preschool operates on Monday, Tuesday and every even week Thursday.

In 2017 we have 3 primary classes:

R/1/2, 3/4 and 5/6/7

Our facilities include:

- Spacious learning areas
- School Community Library
- Extensive grounds and school oval
- Home Economics area
- Tech Studies area
- Common Area
- School Hall
- 3 playgrounds
- Nature Play area
- Air conditioned classrooms
- School Community Pool
- Sports Shed
- Ag block

We also have a School Bus that operates before and after school each day.

## Our focus areas

In 2017 we have 3 focus areas:

The first is to provide intellectual stretch for all learners. This is evident in individual student goal setting, class goal setting and in the high expectations staff incorporate into their learning design for all learning areas.

The second focus is the effective use of feedback to and from students. Ongoing feedback is used by staff to improve their teaching and by students to improve their learning.

Our third focus area is on developing powerful learners and increasing student achievement and growth. We are committed to developing learners who have happy and healthy dispositions towards learning and life. We value wellbeing and embed concepts from the KidsMatter and Wilson McCaskill Play is the Way Programs across the site. We also have a Pastoral Care Worker to provide extra support across the site.

## Vision

SPS develops and challenges learners to be critical and creative thinkers who are confident, resilient and persistent within a positive learning community.

## Mission

Snowtown Primary School encourages independence in students through a safe, engaging learning environment that is positive, supportive and rigorous. This inspires them to learn from and contribute to their community.
