Principal News

After many long months waiting for our new bus to arrive from Japan, I am excited to announce that it is at Kadina getting signage put on it. We were hoping to pick it up on Thursday but Fleet SA are still organising the number plates. We are very appreciative of the Snowtown CMC hiring out the Snowtown Community Bus for so many months which allowed us to keep the bus service running.

Remembrance Day

This term students are learning about poetry. During our Remembrance Day commemoration we listened to the 'In Flanders Fields' poem written by John McCrae on May 3rd, 1915. The poem was first published in December of 1915 and is one of the most quoted poems from the First World War. The poem references the red poppies that grew over the graves of fallen soldiers. We placed our own remembrance poppies near our ANZAC Memorial as a symbol of Armistice day on the 11th of November, 1918.

Snowtown Christmas Fair

The Snowtown Christmas Fair is fast approaching. Children have been creating Christmas craft to sell and we will be running the corn hole game also. We hope to see you at the Christmas Fair on Friday 2nd of December.

SAPSASA CRICKET

Three best things about SAPSASA cricket were meeting new people, getting to open bowl and making 20 runs and retiring. Two new things

I learnt at SAPSASA cricket were learning how to bowl like an elite cricket player and how to catch the ball like a pro to get my opponent out. One thing that was challenging was keeping my emotions in check when I went out. I used my gratitude thoughts: "I get to be here, I get to play and I'll get to play again," to help me not to trigger and become a zombie cricketer! - Kartia

TENNIS

On Wednesday, 16th November I left for SAPSASA Tennis. We were in Division 3, I played number 1 for girls and played doubles with Georgia from Riverton. There were 7 girls and 7 boys, so we had to rotate sitting off. We played 2 games every day, 2 doubles and 2 singles. I won 3 out of the 4 doubles I played and 3 out of 5 singles. On Friday afternoon we played mixed doubles, I played with Heath who was the number 1 boy. We won 3 out of 5. Mid North was undefeated and won the Div 3. - Kartia

JUNKYARD BEATS

"I liked making music out of plates and plastic bags." - Elsie

"It was exciting to see this for the first time. I enjoyed the drums." - Riley

"I enjoyed using the sticks and drumming." - Scarlett

"I liked throwing the bags in the air and I got to drum at the front." - Heidi

"The most interesting thing was the plastic bag music." - Charlie

"I liked clapping with lids." - Piper

F/1 MATHEMATICS

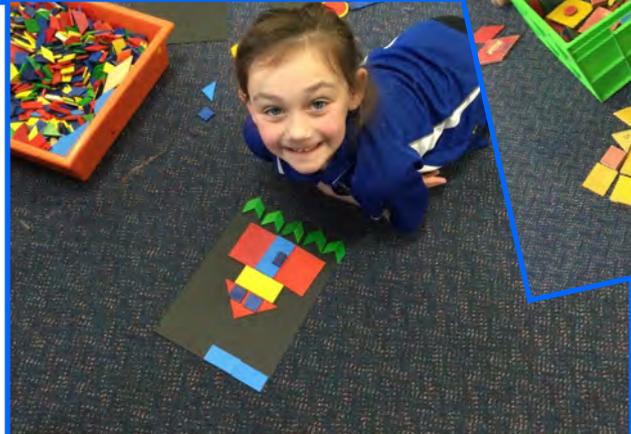

In Maths lessons we have been investigating 2D shape and 3D objects. We have played "Guess My Shape" which has helped us to investigate the attributes of the shapes and objects such as their sides, corners and if the sides are straight or curved. We have also built 3D objects using polydrons, made shape pictures, used geo-boards and learnt the names of some 2D shape and 3D solids.

Guess My Shape!
It has straight/ curved
sides, It has 3,4,5,6
sides and 3,4,5,6,
corners.

Making 3D objects was fun
with Polydrons!

STUDENT FORUM

“Gracie, Kartia it’s time to go!” On Monday the 21st of November we got in Mrs Carroll’s car, and we were driven over to the Clare golf club. We were attending a school leaders forum. The aim of the forum was to hear the voices of students. The lady who was running the day was named Margot. We had to do a few surveys on our devices and Margot told us that these survey answers would be

taken to the meeting in March in 2023 between all the principals and the Minister for Education, Blair Boyer. We did three sessions, and each was about a different topic. Margot talked about each topic for half of each session and the other half we were interacting with the other students and teachers in the room. There were schools from all over and there would have been around seventy students there.
